

President's Letter...

My thoughts and prayers are with the people who have been in the path of hurricanes' Harvey and Irma. I can't imagine that a storm could leave that much water and destruction in that large of an area. I hope that the upcoming storms that are heading for the U. S. and other countries do not have the devastating after effects. Many people have been affected by the weather. I hope Mother Nature will be nice to us again as we look to another season of skiing.

This winter looks as if it should be another wonderful year for skiing. I don't know what the snow will be like, but I have a feeling that it will be another fun season. With Mammoth closing August 6th after being open 270 days I think this next season will be as good as last year. One of the long-range models says the northern ski areas in the U. S. will have more snow. Another one says just the opposite. Whatever the snow, it is always an exciting time skiing and enjoying friends.

I know that Teri has a great line-up for trips this season. Please attend the sign-up party to see information on the trips that we have to offer. Our first trip to Copper Mountain in December will be with the Cornhusker Ski Club. It is always fun on the first trip since we are excited to start the season, find out if our clothes fit and find all the gear we need for the trip. Bring your trip applications and checks since we are doing sign-ups in the order that they are received. Space on the trips is limited!

We are a ski club and much of our existence depends on you! We need input to plan trips and we need your help to also spread the word that we do exist! Please help us by bringing a friend to our events. Every member is welcome to also attend our board meetings where decisions are made for activities and events. See our event calendar on our website at www.omahaskiclub.com. Have a wonderful ski season and I look forward to seeing you on the slopes! Think snow...in the mountains!

Phil Bintz
President Omaha Ski Club
